Professional Summary

Highly skilled Product Manager with technical capability, managerial skills, business acumen and entrepreneurial mindset. I am a growth-oriented professional always looking to learn and execute with special attention to time-bound delivery of work. As an effective leader and considerate team-player, I cherish working with dedicated teams to achieve ambitious goals.

I am currently working as a Full-Time product manager for a B2B SaaS product in the online mentoring industry. I also have industry knowledge of e-commerce, the education industry and online marketplaces.

My mid-term goal is to lead a dedicated team within a growing organization to utilize my skills and grow professionally.
